Re: Notice of Recall for Mustang Survival Rescue Stick™ - Models MRD100, MRD101, MRK110, MRK120, MRK130

Dear Valued Customer:

We are notifying our customers of an ongoing review relating to an issue impacting certain Rescue Sticks and associated Rescue Kits. We recently identified a manufacturing inconsistency on some MRD units that prevents the CO₂ cylinder in the foam handle from fully seating against the inflator mechanism. This results in a lower than designed buoyancy level when automatically inflated. This issue can be easily corrected through the installation of a new re-arm kit (i.e., replace the foam handle/CO₂ cylinder assembly with a new assembly). Please note that re-arm kits (MA7206) are not affected by this recall.

We have notified the regulatory authorities and are working with them on a public notification of this recall. These authorities have requested a coordinated release of public communication. We will provide information shortly regarding the public notice and reaching out to your customers.

In the meantime, our records indicate that you have ordered one or more of these products from us in the past. As such, please review the following instructions:

- 1) If you have inventory of Rescue Sticks (MRD100, MRD101) or Rescue Kits (MRK110, MRK120, MRK130), please discontinue sales of Rescue Stick products.
- 2) Contact customer service at RescueStick@mustangsurvival.com or 1-800-526-0532 between the hours of 7:30 a.m. - 4:30 p.m. PST for a Return Authorization to coordinate return and replacement of the product.
- 3) Note that we will be issuing new UPC's for the Rescue Stick products shipped by Mustang on or after June 4, 2014. Accordingly, please update your systems as required for the following products/UPC's:
 - MRD100 – new UPC 062533984660
 - MRD101 – new UPC 062533984677
 - MRK110 – new UPC 062533984684

Finally, in anticipation of the public notice, please research your customer records and provide a list of customers that have purchased the Rescue Stick. Please send to RescueStick@mustangsurvival.com.

We thank you for your prompt attention to this important notice and your continued support of Mustang Survival.

Sincerely,

Richard Cantin
